

## **Forbo Environmental Data Sheet**

| Product name           | Marmoleum 2.0mm Sheet   |  |  |
|------------------------|---|--|--|
| Product description    | Marmoleum is a linoleum floor covering complying with all the requirements of EN-ISO 24011: Specification for plain and decorative linoleum |  |  |
| Manufacturing location | Kirkcaldy, United Kingdom<br>Assendelft, Netherlands  |  |  |
| Range names            | Marmoleum Marbled   |  |  |

# Our footprint - how it's made

| Environmental data                          |      |  |  |  |
|---|------|--|--|--|
| Total recycled content of product by weight | 43%  |  |  |  |
| Post industrial recycled content            | 43%  |  |  |  |
| Post consumer recycled content              | 0%   |  |  |  |
| % renewable electricity used                | 100% |  |  |  |

|---------------------------|---|--|--|--|--|
| CHPS 01350                | Marmoleum products comply to 01350 indoor air quality standard  |  |  |  |  |
| Air quality               | Approved by Allergy UK  |  |  |  |  |
| Impact sound reduction    | 4dB   |  |  |  |  |
| Bacteriostatic properties | Marmoleum has independent tests to prove that it inhibits bacteria such as MRSA, C Difficile, Norovirus, Acinetobacter baumannii  |  |  |  |  |
| Installation              |   |  |  |  |  |
| Recommended adhesives     | Forbo recommends the use of 414/696 Euroflex lino plus <b>low solvent</b> . Fast tack linoluem adhesive.  |  |  |  |  |
|                           | Where contribution to credits for BREEAM sections HEA2 and HEA9 are required then low emission adhesive Eurocol 614 Eurostar Lino plus should be used. If a permanent bond is required, please use Eurocol 640 Eurostar special |  |  |  |  |

back into Marmoleum at our plant in Scotland.

Installation off-cuts of Marmoleum can be collected via our **Back to the Floor** scheme and recycled

## creating better environments

| Topshield2  | Unique dual layer finish. Resistant to staining and scuffing so reducing the amount of cleaning required. Can be completely rennovated, unlike PUR finishes.   |                   |  |                      |                              |  |  |  |

| Forbo design principles (Reduc  | e, Recycle, Reus   | se, Renew)        |  |                      |                              |  |  |  |
| Reduce  | Marmoleum's Topshield2 finish significantly reduces cleaning and maintenance costs in life.  Marmoleum is made from 97% natural raw materials.   |                   |  |                      |                              |  |  |  |
| Reuse   | All Marmoleum site offcuts can be returned to Forbo for reprocessing using our <b>Back to the Floor</b> initiative. After Marmoleum's long life it can be incinerated for landfill and this reclaims more energy that is used in production. It is also biodegradable in a controlled environment. |                   |  |                      |                              |  |  |  |
| Recycle   | Packaging used to deliver raw materials is seperated and recycled externally.  |                   |  |                      |                              |  |  |  |
| Renew   | All Marmoleum is produced using 100% renewable electricity. Marmoleum contains 72% of rapdily renewable materials, i.e. they can be harvested within 10 years of planting  |                   |  |                      |                              |  |  |  |
